International issues:

- **China to cut oil exports, ban textile imports from North Korea**

China will restrict oil exports to and ban textile imports from North Korea. China has decided to join in global efforts to enforce tighter UN Security Council sanctions on North Korea for its provocative nuclear and missile tests. China, the closest ally of North Korea, accounts for about 90 per cent of North Korea's foreign trade.

Nuclear weapons of North Korea: North Korea has conducted six nuclear tests, in 2006, 2009, 2013, twice in 2016, and 2017. The first test was on 9th October, 2006. The latest one was on September 3, 2017. North Korea declared that the latest one was its first hydrogen bomb.
